Hello my name is Silvie Nitulescu. I have been flying pigeons with my husband over 20 years. I am not afraid of anyone including my husband. I am proud to be the first women to fly this prestigious race.

I want to be the 1st women to win this race, don't be afraid to send me your Classic birds. I am good at handling race birds. I have won many over all winners and average speeds, flown several champion birds etc. etc. I invite you to send me your birds.
